**THIRD REQUEST FOR CORRECTED OFFICIAL FILING RECEIPT**

Assistant Commissioner for Patents  
Office of Initial Patent Examination  
Customer Service Center  
Washington, DC 20231

Sir:

Appended hereto, in support of this *third* request for correction of the same filing receipt error, are the following documents:

- copy of the "corrected" Official Filing Receipt for the above-identified patent application with the error marked in red;
- copy of the first Request for Correction of this same error (mailed December 4, 2001), with the error highlighted;

Serial No.: 09/886,171  
Filing Date: June 20, 2001

-- copy of the Return Postcard received from the PTO, with the correct date of filing (as indicated by the PTO stamp thereon), also highlighted;

-- copy of the first Official Filing Receipt, with the error, originally marked in red, now highlighted;

-- copy of the United States Postal Service Express Mailing Receipt (#EL 758643351) with the "Date In" both highlighted and circled in red;

-- copy of the initial Response to Request for Corrected Filing Receipt, which specified that the above-mentioned Express Mail Receipt was required as proof of the correct filing date; and

-- copy of our Second Request for Corrected Filing Receipt (dated May 24, 2002).

Accordingly, in the Filing Date portion of the "corrected" filing receipt, please delete "06/21/2001" and instead insert - 06/20/2001 --.

Because the error was caused by the Patent Office, it is believed no fee payment is necessary. However, if this belief is in error, the Commissioner is hereby authorized to charge any fee which may be required, or credit any overpayment, to Deposit Account No. 50-2319 (Our Order No. A-66914-2/RFT/NBC).

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
